Gangnam पोcha

Gangnam is one of the 25 local government districts which make up the city of Seoul, South Korea. Gangnam translates to "South of the Han River"

Pocha is a tent-style restaurant on the street, where you can find food and drinks. Can be easily found downtown or on small streets at night. This is where Korean people often go to when they feel like eating and drinking in a casual atmosphere with friends.

Our vision is to bring the Gangnam atmosphere to the heart of Bucharest, Lipsani.
