What is kso?

Rick Simpson Oil, alsoknownasRSO, is a highly potent cannabis-derived oil. It is popular among many because of its high concentration of THC and full-spectrum nature.

RSO Oil got its name from a
Canadian engineer and cannabis
advocate. Rick Simpson is the one
who made the oil to treat his skin
cancer.

RSO is made by extracting the resin and trichomes from the cannabis plant. The end product is full of cannabinoids. This concentrated, thick oil is powerful.
